Bump outs, additions, stairs or other items built out into a neighbor's lot does not extend a lot or parking area; the exterior walls of the homes original structure excluding any bump out are used as a reference point when determining lot boundaries.

Please notify the Bureau of Fire Prevention if you should have any questions regarding compliance with State and/or Local law or to apply for a Smoke Detector Compliance Certification.

AUTOMOBILES, TRUCKS, MOTORCYCLES AND MOPEDS:

The Park will enforce the following measures to ensure the utmost safety of all individuals and residents of Monmouth Mobile Home Park, many of which are promulgated to protect the children in the Park.

The streets of Monmouth Mobile Home Park are to be used exclusively as thoroughfares. All motor vehicles must be in operating condition, properly registered, inspected, insured and muffled. All automobiles, trucks, motorcycles and mopeds kept on the premises by a resident of Monmouth Mobile Home Park must be registered with the Park Office. Information required for registration includes make, model, color, tag number, proof of registration, and proof of insurance. Changes in information must be provided to the office within five (5) business days. They are to be operated by licensed drivers only. There is to be

no more than one person on a moped at any time. Special arrangements and permission from the Park are required for the parking of more than two motor vehicles within the Park. All vehicles must be faced in the proper direction. Minor Repairs of vehicles are permitted, but said vehicles cannot be kept on blocks. Other than standard size pick-up trucks and standard size vans, there will be no trucks or vans allowed within the limits of the Park.

The speed limit is 15 miles per hour as per agreement with the Department of Transportation which will be enforced by management and the local police authorities under New Jersey Statutes Annotated Title 39. Any restrictions or signs respecting traffic conditions are made a part of these Rules and Regulations.

The above provisions regarding trucks and other oversized vehicles must be strictly enforced due to the following:

- (a) The narrowness of the streets within the Park;
- (b) The lack of off-street parking; and
- (c) The poor visibility that would result from the parking of trucks and other oversized vehicles.

In addition, tenant authorizes Landlord to tow away from the parking area or any street area at the tenant's sole cost and expense any motor vehicles belonging to a tenant or the tenant's guests or invitees which are parked in violation of any provision of the rules and regulations or which is leaking any substance of any nature whatsoever onto the improved surfaces of the road or parking area found in the mobile home park.

PARKING

Tenants are permitted to park personal automobiles in the street in front of their home. Parking areas for each home are designated by the Mobile Home lots; Tenants can contact Landlord for clarification of their specific lot. Landlord may mark lot lines in any fashion it deems appropriate. Tenants, Tenant's guests and invitees are not permitted to park in front of any other tenants home. Guest parking is permitted in areas of the Park where Mobile Homes are not situated. A list of guest parking areas can be obtained at the Park Office. Tenants, Tenants guests or invitees may not park in guest parking areas for more than three consecutive days. Double parking is not permitted. In addition, tenant authorizes Landlord to tow away from the parking area or any street area at the tenant's sole cost and expense any motor vehicles belonging to a tenant or the tenant's guests or invitees which is parked in violation of any other provision of the lease, rules and regulations or posted traffic sign.

RECREATION VEHICLES:

All recreation equipment, including but not limited to boats, campers and trailers, must be registered with the Park.

Tenants are permitted to store one (1) boat on their lot, provided said boat is not more than fourteen feet (14') in length. This includes the storage of a

trailer consistent with the size of the boat. The storage of gasoline outboard motors, on a boat, is strictly prohibited. Tenants will be responsible for repairing any indentations and/or damage to any lawn area caused by the parking of a boat on their lot. This change in the Park Rules and Regulations reflected consideration for the need of additional parking for recreational equipment, the lack of off-street parking and the limited size of the lots within the Park.

All other recreation equipment must be registered and parked only in designated areas. Park agrees to properly mark the recreation vehicles area. Recreation vehicles, campers, trailers and boats may not be parked in the street. Tenants may apply for a recreation vehicle parking space with the Landlord. If none are available, you will be added to the waiting list on a first come first serve basis. Any Tenant approved for recreation vehicle parking will be required to sign a separate lease for the parking space. Anything parked in Recreation Vehicle Parking are required to follow Monmouth Mobile Home Park Rules & Regulations in addition to other rules stated in the recreation vehicle parking lease.

Whether a resident stores any such vehicle or equipment on his/her lot in compliance with these Rules, or in a designated area, the vehicle or equipment stored must be registered whenever required by Law, must be maintained and kept in good, operating condition, insured when required by Law and moved from the storage space from time to time. Such vehicles and equipment may not be kept or stored on the property in a dilapidated condition, allowed to deteriorate or contribute to a deteriorating, unkempt storage area. Any such area where a resident stores any such vehicle or equipment shall be maintained by the owner of the equipment (all grass mowed regularly, weeded, etc.).

COMERCIAL VEHICLES:

Oversized commercial vehicles are not permitted to park overnight on the property. Vehicles are considered oversized if they meet any of the following criteria: weigh more than 5600lbs (including any tools or attachments), have more than 4 tires, have more than 2 axles, are longer than 78", or wider than 82 ½". No commercial trailers are permitted. Any commercial vehicle parked regularly overnight (more than 3 nights/month) must fit and be parked in front of the residents home with all the vehicles registered to the tenant. Tenants may not park vehicles in guest parking to accommodate their commercial vehicle.

Commercial vehicles parked regularly need to be in compliance with all other Park Rules & Regulations including registering the vehicle with the Park Office. A vehicle is considered a "commercial vehicle" if it is registered as a commercial vehicle or if it used for business purposes (other than regular commuting to work). Trucks used for landscaping, handyman work or any sort of contracting regardless if it is a primary business are considered "commercial".

LAUNDRY:

When drying laundry, it may be hung daily and only during daylight hours. Clothes must be removed from lines as soon as dry. "Umbrella" lines may be used only in the rear of the space and behind the mobile home where possible. "Umbrella" lines must be closed when not in use.

UTILITY MAINTENANCE:

Tenant is responsible for proper use of water lines and waste pipes and should not tamper with electrical lines or poles. All water lines and pipes at the main shutoff valve in the water riser and below will be the responsibility of the Landlord and anything above the shutoff valve in the water riser will be the responsibility of the Tenant. All waste pipes below the ground will be the responsibility of the Landlord and anything above the ground will be the responsibility of the Tenant. Tenant shall be responsible to pay for the reasonable costs of repairs occasioned by damage caused by Tenant's actions on any said lines or pipes, above or below the ground level.

Tenant shall keep the water and sewer lines on their space free and clear from all plantings and debris to allow access to said lines by Landlord. Any and all plantings and debris which must be removed shall be removed by Landlord at the expense of Tenant. Tenants are not permitted to tamper with the curb stop for any water line, any damage to a curbstop including it being buried will be repaired by the Landlord at the expense of the Tenant.

LOT MAINTENANCE:

Tenant agrees to maintain the leased space and all improvements, including the mobile home, in good condition and repair at all times. This includes all improvements on the rented lot, walkway and patio (if any).

All tenants must have skirting on their homes, which must be secured, neat, uniform in color (which must match or be in harmonious with the color of the home), free from dirt, damage or defect. New skirting or skirting being completely replaced shall be pre-finished aluminum or vinyl (one color) installed vertically with a two track system with vent panels. Skirting shall not be removed from the home except for purposes of repair and inspection of home. Skirting must be factory designed and manufactured for mobile or manufactured homes only, unless otherwise approved in writing by the Landlord. Spaces must be kept clean and orderly at all times. No storage of any kind, including the storage of water hoses, will be permitted under any mobile home. The Landlord's concern is that of preventing breeding conditions for rodents and insects and minimizing any risks and hazards of fire.

Grass is to be cut regularly by Tenant. Plantings left by a preceding Tenant shall become part of this Park and shall not be removed or damaged. Leaves are to be raked and disposed of in the designated area(s) of the park pursuant to the annual notice sent out to all tenants by Park.

Standard yard and patio furniture and approved storage shed(s) are the only items permitted outside mobile homes. All swimming pools are prohibited, regardless of size.

Tenant is responsible for damage caused by tenant to the Landlords property, including but not limited to damage caused by any substance which leaks from any automobile brought onto the premises by the Tenant or Tenant's guest (either on the rented lot or any street in the mobile home park). Tenant shall reimburse Landlord for the cost of repairing any such damage, which sum shall be considered additional rent.

As soon as possible after any snowfall, Tenants are responsible for the removal of ice and snow from their sidewalks and in and around all automobiles without discarding snow onto the streets.

Tenant is responsible for the maintenance of their mobile home, including a properly operating furnace, hot water heater, oven, water/waste pipes free of leaks, and that the structure is free of any permanent damage. Permanent damage to the structure includes the integrity of the floor, walls, ceiling, roof and windows.

TREES

Landlord is responsible for trimming or removing trees that are at risk of causing damage to mobile homes or the safety of residents. Tenants need to report trees they feel may be dangerous to the landlord as soon as they are identified. The landlord contracts with a professional tree service to evaluate and remove trees. Landlord will not remove healthy trees that do not pose a danger to homes or people. Tenants may remove trees that are under 5' tall and have a 6" or less in diameter.

Tenants may apply for approval to get healthy trees removed from their yard at their cost. No healthy tree removal may be completed by any resident. In order to remove a healthy tree, the tenant needs written permission from landlord and needs to comply with South Brunswick Township Ordinances & South Brunswick Shade Tree Commission recommendations for removal and replacement of trees. Healthy tree removal needs to be completed by a licensed/registered contractor approved by the Landlord and coordinated through the Park Office. Contractor must list Monmouth Mobile Home Park as an additional insured on their insurance policy and provide an insurance certificate prior to work beginning. Tenant is responsible for the full replacement cost of any damage to any home, automobile or property including, but not limited to any sidewalks, roads, landscaping, underground & overhead wires or outbuildings located at Monmouth Mobile Home Park caused by the tree removal company. Removal of trees without approval or not in compliance with the Rules & Regulations is a destruction of Landlords property.

SIGNS:

No sign may be displayed by the Tenant on the lot or on the Tenant's mobile home other than Tenant's name, lot number and seasonal decorations,

except that one "for sale" sign may appear on Tenant's mobile home unit not to exceed 11" x 14".

UTILITY CONNECTIONS:

All water lines must be protected to prevent freezing prior to October 15. A service charge can be made for each visit to thaw out pipes, repair clogged sewers, damage to water connections or electrical service where such service call is necessitated by the fault of the Tenant. Tenant shall not put any insoluble materials in toilets or sewer lines.

CONSTRUCTION OF SHEDS, ADDITIONS, DECKS AND FENCES:

No additions or construction of any kind may be made to any mobile home or to the site, which shall include, but not be limited to, doors, windows, decks, sheds, and fences, unless Tenant obtains the necessary permits and/or approvals from the Township of South Brunswick, and the Tenant obtains written permission from the Park for same. Anyone other than the home owner performing construction on any mobile home needs to be properly licensed and insured. Upon request, Tenant will supply Landlord with the proof of contractor's license and insurance.

All improvements, including fences and plantings must be approved by Landlord. The Landlord will not permit a stockade fence, split rail, or picket fences, but will consider rubberized chain-link fences or white PVC fences. The maximum height of any fence will not exceed four (4) feet. All fences must have at least fifty (50) percent visibility. Because the streets must be plowed in the winter months, no fence can be closer than four (4) feet from the curb line. If a sidewalk exists, no fence can be closer than one (1) foot from the sidewalk. All fences must be properly maintained or they may be subject to removal. Fence gates should remain unlocked at all times.

Before doing any digging of any kind outside, tenant and/or contractor must get a utility mark out by calling 811 and request a mark out from Landlord.

SHEDS:

Each Mobile Home lot is permitted to have up to one storage shed on their property, no larger than 100 square feet and 8' high as long as it can be installed in compliance with South Brunswick Zoning Ordinances. A zoning permit is required for any newly installed shed, even if it is replacing an existing shed on the property. Any shed that is not properly maintained and/or in disrepair needs to be removed from the property. Landlord reserves the right to make the determination if a shed is in disrepair aesthetically, structurally, or otherwise. Mobile Home Lots that have more than one shed that were approved in writing by the Park Management and South Brunswick Zoning prior to 2/1/2022, may keep the existing shed until such time that it falls into disrepair. Once an additional shed (over the allotted 1) is removed for any reason, it may not be replaced.

SECURING/ANCHORING OF MOBILE HOMES:

In order to provide for the safety of all park residents, all mobile homes must be properly anchored and/or secured. Any questions as to the anchoring and/or securing of your mobile home and the permit process for the same, should be directed to the Park Office.

Tenant agrees to pay rent to Monmouth Mobile Home Park, payable in monthly installments and on the first day of each month. In addition to the rent agreed to at the beginning of the Tenant's tenancy, Tenant agrees to pay any increase in rent, charges or surcharges allowed or allowable under any regulation, ordinance or statute promulgated or enacted by any body having jurisdiction over regulating or setting of rents in the Township of South Brunswick, effective on the date of approval as provided for in that regulation.

All amounts due to the Landlord pursuant to any provision of these Rules shall be considered "additional rent".

In addition, if the Tenant is obligated to pay Landlord a monthly payment on account of any financing debt owed to the Landlord related to the Tenant's acquisition of the mobile home on the rented lot, each monthly payment shall also be considered "additional rent" for purpose of any summary of dispossess proceedings based on non-payment of rent.

If the tenant is successful in any action for summary proceeding arising out of these rules and regulations, the tenant shall recover attorneys' fees or expenses reasonably and actually incurred, or both from the landlord to the same extent the landlord is entitled to recover attorneys' fees or expenses or both as provided in these rules and regulations.

The Park Administration Fee is not a donation, gratuity, bonus or gift, but rather is specifically related to and identifiable with the actual costs of processing new residents into their mobile homes. The actual costs are comprised of the following:

Office staff and clerical support for the preparation of the application packages, working with the bank obtaining appraisals, verifying credit applications, preparation of

contracts, interacting with the owners and prospective buyers, closings, obtaining titles and miscellaneous duties. These costs include employee wages and benefits, office overhead, miscellaneous office expenses and the costs of credit application reports.

OWNER OCCUPANCY OF ALL MOBILE HOMES:

Landlord reserves the right to approve the purchaser as a Tenant of Landlord, but such approval shall not be unreasonably withheld. If Tenant is in arrears on his or her rental payments or any other charges or if the demised premises are not adequately maintained by Tenant or if Tenant's mobile home unit does not comply with Landlord's rules and regulations on the date of Tenant's proposed sale of Tenant's mobile home to a new Tenant, no final approval will be granted by Landlord until the defect or defects is or are cured.
